

MEAT BOYCOTT IS EFFECTIVE

Butchers Cutting Prices in Cleveland

THOUSANDS MORE JOINING

The Unique Campaign—Ohio to Investigate High Cost of Living—People Rush to Membership in Anti-Food Trust League.

Cleveland, O., Jan. 20.—The boycott on meat started by a few Cleveland workmen on Friday last has grown to such proportion that meat dealers here are alarmed and have announced a drop of two cents a pound on certain meats. A further cut will come very soon. The Butchers Protective association held a secret meeting Tuesday night to devise a method of fighting the boycott. The dealers make no secret of the fact that they fear their business will suffer greatly if the movement does not halt soon.

Already meat sales in this city have been cut in half, and the boycott is only begun. Nearly ten thousand men have signed the pledges not to eat meat for thirty days, and many said they would go on a vegetarian diet till Easter, as suggested by Senator Williams, chairman of the legislative committee that will investigate the high cost of living in Ohio.

It is thought at least one hundred thousand persons will be in the anti-meat class by Saturday night in this city alone, while there are thousands in other parts of Ohio joining the movement.

Cincinnati, Columbus, Toledo and smaller cities have organized anti-meat clubs.

TO FIND CAUSE OF HIGH PRICES.

Great Conference of Commercial Bodies Planned.

New York, Jan. 20.—There is to be, if hard work and persistent effort will bring it about, a great conference of the commercial bodies of New York state at Syracuse in March or April to ascertain if possible the real cause for the high prices of all food products to the consumer. Secretary Clark of the Syracuse chamber of commerce has been over the matter with the more important commercial bodies of the state for the purpose of securing the largest possible representation of business men, transportation representatives, farmers, country editors and others interested. There will also be invited representatives from the rail sections of Oregon, California and Washington, and men from the middle West, far West and the South having to do with food products. The interest in the Taft administration in the question is gathered from the concluding paragraph in President Taft's message of December 7:

"The high prices which such products (agricultural products) bring mean great inequity for the farming community, not on the other hand they mean a very considerably increased burden upon those classes in the community whose yearly compensation does not expand with the improvement in business and the general prosperity."

REVOLUTION IN URUGUAY?

Report from Buenos Ayres Tells of Movement Against Government.

Buenos Ayres, Jan. 20.—A revolution is reported to have broken out in the republic of Uruguay against the government of President Claudio Williams. It has been impossible thus far to confirm the report, as a rigorous censorship has been established at Montevideo, the Uruguay capital.

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of those important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit at most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonials letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Little Soldiers

In your blood are the millions of corpuscles that defend you against disease.

To make and keep these little soldiers healthy and strong, is simply to make and keep the blood of the right quality and quantity.

This is just what Hood's Sarsaparilla does—it helps the little soldiers in your blood to fight disease for you.

It cures scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, dyspepsia, general debility, and builds up the whole system.

CURES BAD KIDNEYS AND ENDS BACKACHE

Out-of-order Kidneys Act Fine and Bladder Misery Vanishes After a Few Doses.

A real surprise awaits every sufferer from kidney or bladder trouble who takes several doses of Hood's Sarsaparilla. In the back, sides or loins, sick headache, nervousness, rheumatism, pain, heart palpitations, dizziness, sleeplessness, inflamed or swollen eyelids, lack of energy and all symptoms of out-of-order kidneys simply vanish.

Uncontrollable urination (especially at night), smearing, offensive and discolored water and other bladder misery ends. The moment you suspect kidney or urinary disorder, or feel any rheumatism, begin taking this harmless medicine, with the knowledge that there is no other remedy, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Hood's Sarsaparilla, which any druggist can supply.

It is needless to feel miserable and worried, because this unusual preparation goes at once to the out-of-order kidneys and urinary system, distributing its cleansing, healing and strengthening influence directly upon the organs and glands affected, and completes the cure before you realize it.

Your physician, pharmacist, banker or any mercantile agency will tell you that Hood's Sarsaparilla is a large and responsible medicine concern, thoroughly worthy of your confidence.

Accept only Hood's Sarsaparilla—fifty-cent treatment—any drug store—anywhere in the world.

LIFE'S BLOOD FOR HER BOY.

Arthur Shibley Saved by Heroic Method.

New York, Jan. 20.—Life-giving blood from his mother's veins so invigorated 6-year-old Arthur Shibley that yesterday his surgical attendants said they were amazed to find that the lad, who by a mistake on Washington Heights, last week, would never.

The operation of transfusion took place in the early hours. Mrs. Shibley, wearing anesthetic, bore the pain without a flinch as the surgeon opened a vein in her arm. In a moment the blood from the mother's healthy system was flowing into the enfeebled lad's body.

The change in the boy's appearance during the 30 minutes the transfusion continued was wonderful. A healthy glow came to his skin, and his pale lips became ruddy. When the tube was removed the surgeons announced that the operation had been a success.

Mrs. Shibley was so weak from the loss of blood that she could scarcely speak, but she smiled cheerfully as she was told her boy was much benefited by her sacrifice. Yesterday on a cot in a special ward in hospital she was recuperating nicely from the effects of the exhausting process.

MORE WHITE SLAVE ARRESTS.

Two Men and Two Women Taken Into Custody in New York.

New York, Jan. 20.—Two men and two women were arrested in New York Tuesday night by special investigators employed to collect evidence in the special "White Slave" inquiry now in progress. Harry Schmieder, twenty-eight years old, a tall, thin, charged with bringing Stella Freeland, a nineteen-year-old girl, from Brazil, Indiana, and placing her in a disreputable house in New York. Fanny Goldman, a middle-aged woman, is charged with aiding Schmieder in abducting the girl. Elijah Siskle is charged with distributing literature advertising the house in question, while a second woman is held as a material witness. The Indiana girl, according to the investigators, tells a horrible story of abuse and asserts that she was deprived of her clothes and made a prisoner in the house.

NEW COMET VISIBLE.

Can Be Observed in Clear Sky Soon After Sunset, Says Astronomer Aitken.

San Jose, Cal., Jan. 20.—Astronomer R. A. Aitken of Lick observatory has given out the following statement: "The comet discovered in South Africa a day or two ago is brighter than the planet Venus. It was easily seen at the Lick observatory at noon Tuesday with the naked eye. It was about four degrees east of the sun and one-half of a degree north of it, and was moving toward the northeast. In a clear sky it will be a brilliant object for the next few evenings, and should be looked for in the southwestern sky immediately after sunset. Daylight observations Tuesday by Astronomer Wright showed that the spectrum of the comet's nucleus is continuous, crossed by bright radiation lines extending into the comet."

DEMANDS INVESTIGATION.

Senator Aldre Wants Charges Against Him Shifted to Bottom.

Albany, N. Y., Jan. 20.—The state Senate proposed to shift to the bottom of the public accusation by Senator Benn Conger of Tompkins, against Senator John P. Aldre of Chenango, the newly elected president pro tempore to the effect that Aldre, while Republican leader of the assembly, received money for aiding in the defeat of legislation before the house.

Senator Aldre demanded an investigation. At the opening of the Senate yesterday, several and several asked for a legislative investigation and notice was given that a bill of the House would be moved when the Senate convened to day to decide upon a course of procedure.

THE BRITISH ELECTIONS

Eighty-one Members Elected Yesterday

DISTRICTS NOT DECLARED

Except in 31 Counties—The Unionists Now Hold 129 Seats—The Government Combination Has 184.

Total Pollings to Date.
Unionists 129
Liberals 119
Labourites 21
Nationalists 44
Government total 184
Opposition 129

London, Eng., Jan. 20.—Of the 81 constituencies that pulled yesterday, only 31 were declared last night, the others being mostly scattered rural and semi-rural districts. The Unionists made a net gain of four seats in the 31 declared constituencies. The composition of the new House of Commons, thus far, stands: Liberals 119, Unionists 129, Nationalists 44, Labourites 21. The total net gain of the Unionists is 14.

The features of yesterday's known returns in the general elections for members of Parliament was the election of William O'Brien, Independent Nationalist, for Cork city, at the head of the poll. Augustine Roche, Nationalist, lost the same district, was also re-elected. The net result is the winning of one seat for the anti-Redmondites, many of whom are contesting the elections in Ireland.

Winston Spencer Churchill, addressing a meeting at Dundee yesterday, declared that it was clear that a Liberal government would be returned to power, with a majority greater than Gladstone or Salisbury had enjoyed in their palmiest days. He said he believed the elections would seal the fate of tariff reform for many years.

DELAY ON NEW STATES.

New Bill to Be Prepared Before Arizona and New Mexico Can Be Admitted.

Washington, Jan. 20.—No new stars will be added to the American flag before the summer of 1911 according to the plan under consideration in the Senate committee on territories. The programme is said to have the endorsement of President Taft. It provides for the reporting of an entirely new bill for the admission of New Mexico and Arizona as states. The Hamilton bill, which was passed by the House, is declared to be objectionable to the Senate committee on two grounds. First it does not provide for a sufficient lapse of time between the proposed territorial elections for the adoption of constitutions and the election of state officers and members of the Senate and House of Representatives. The other objection relates to the protection of public interests in the relation to existing and proposed land grants.

DICK DAVIS NOW.

Reported that He May Be Involved in Marital Difficulties.

New York, Jan. 20.—I decline to discuss the matter in any of its aspect," said former District Attorney Jerome, reply yesterday to a question as to the truth of the reports that Mrs. Richard Harding Davis, wife of the novelist, was taking legal counsel for the adjustment of marital difficulties. The friends of the couple had heard that Mrs. Davis had retained the law firm of Jerome & Rand, of which the former prosecutor is senior member, to represent her interests.

ALMOST CREATED PANIC.

Hocking Coal Fell Off 62 Points, Causing Two Fatalities.

New York, Jan. 20.—Two fatalities due to a break of 62 points in Hocking coal, resulted in a panic in the stock exchange yesterday and up to 2 o'clock a million and quarter shares had been traded in. There was a half-hearted rally at the beginning of the hot hour, which was followed by another break that carried prices to new low records. Steel, Union Pacific and Copper were down more than two points each, while Consolidated Gas lost eight points. The close was weak with prices near the lowest.

Itching Scalp

Easy to Get Rid of by Using Parisian Sage, the Guaranteed Hair Investigator.

Just as long as you have dandruff, your head will itch. It's the little microbes that are gnawing down into the hair roots. It may take a long time for these persistent pests to get down to the vital part, but when they do, they will destroy the life of the hair in a very short time.

If you want to stop itching scalp and drive away dandruff, you must first kill the dandruff germs or microbes. Just get a 30c bottle today; relief will come immediately, and at the end of two weeks your itching scalp and dandruff have not disappeared, you can have your money back.

Parisian Sage is also a delightful hair tonic, and is used by refined women who desire fascinating, lustrous and luxuriant hair. A large bottle only costs 20 cents at the Red Cross Pharmacy. The girl with the shining hair is no longer a myth.

A TRADE WAR THREATENED

Commercial Relations With Germany Somewhat Strained

KAISER HOPES FOR PEACE

The Tariff Negotiations Are Being Continued—There Is Time Enough Still Remaining for a Settlement.

Berlin, Jan. 20.—The government has decided that in the event that an agreement upon reciprocal tariff between the United States and Germany is not reached by February 7, when the running arrangement expires, Germany's general tariff rates must, under the law, be applied to American imports, at present coming in under the conventional tariff.

One hundred and twenty-seven articles will be affected. It was, however, semi-officially declared yesterday that the tariff negotiations with the United States had not been broken off and it was added that time remained for a settlement of the differences between the two countries.

In the absence of such a settlement, the general tariff rates will go into effect automatically at midnight of February 7. The imperial consociative commercial board, composed of manufacturers, financiers and economists, has been summoned to meet on January 24 and consider the trade position taken by the United States. The government wishes to explain to the board its attitude.

Tuesday night's speech of Herr Goldberger, privy councillor, before the American Association of Commerce and Trade, in which the speaker indicated that Germany was not disposed to give way to the United States, was based, it is learned, upon Goldberger's personal inquiries in governmental quarters.

The newspapers yesterday noted with some concern that Germany was omitted from President Taft's proclamation of Tuesday, in which the countries to profit by the minimum rates at United States ports were announced.

REJECT RAINY.

Republicans Refuse to Accept Him as Investigation Committee.

Washington, Jan. 20.—Following previous inclination and with knowledge that they had full approval of President Taft, the Republican members of the House of Representatives, in caucus last night, refused to accept Representative Rainey of Illinois, as one of the two Democratic members of the House contingent on the joint Congress committee to inquire into the allegations and insinuations regarding Secretary Hallinger's administration of the interior department. Rainey was chosen by the Democratic caucus.

The other Democratic member, chosen for service on the committee was Ollie James of Kentucky. James on inquiry by the Democratic caucus was objectionable also to many Republican representatives and to President Taft, on the ground that he, like Rainey, had been selected for the purpose of making the Hallinger inquiry a partisan affair that would furnish ammunition against the Republican party in congressional campaign this year and the presidential campaign of 1912, but after much deliberation in the Republican caucus last night, it was decided to confirm the selection of James.

Lloyd M. Missouri was chosen by the Republican caucus to take Rainey's place on the investigation committee. The caucus selected as the Republican members of the committee McCall of Massachusetts, Olmstead of Pennsylvania, Denby of Michigan and Madison of Wisconsin. Madison is a pronounced Republican insurgent while the other Republicans on the committee are regulars.

The session of Senate yesterday was devoted largely to the consideration of legislation affecting the District of Columbia, and after a short executive session that body adjourned today.

PRESIDENT TAFT OFFERS YACHT.

Would Have Mayflower Take Madame Nabuco to Rio Janeiro.

Washington, Jan. 20.—The body of Ambassador Nabuco will go to Brazil on the United States cruiser Montana about Feb. 25. The government has offered to the president's yacht, Mayflower, for her own passage to Rio Janeiro, but this has been declined, and she will sail from New York on Feb. 5, to arrive in Brazil in advance of the body. The Mayflower will take the body from Washington to Hampton Roads, where it will be placed on the Montana. The funeral will be held to-day in St. Matthew's church.

HAVE YOU PILES?

Then Get Hem-Roid Under Money-back Guarantee.

Piles, protruding piles, itching piles, are cured with equal success by the guaranteed internal remedy, Dr. Leubardt's Hem-Roid. The guarantee is so broad that it costs you nothing if you get no benefit. Don't waste any more time with salves, suppositories or other outside treatment. Attack the cause.

Hem-Roid—\$1 for large bottle, lasting 24 days, at Burt H. Wells, Barre, Vt. Dr. Leubardt Co., Station B, Buffalo, N. Y., manufacturers. Write for booklet.

FINALLY PASS ON DR. COOK

Danes Confirm Their First Conclusion

THAT HE HAD NO PROOFS

He Is No Scientist, Although Some of the Members of the Consistory Still Believe He Is Honest.

Copenhagen, Jan. 20.—The committee of the university of Copenhagen has completed its examination of Dr. Frederik A. Cook's original notes, and yesterday confirmed its previous conclusions that not the slightest proof that the explorer reached the north pole had been submitted.

The report was submitted to the consistory of the university yesterday. The committee finds that the copy of Cook's data upon which its previous decision was based conforms in the main to the original notebook now in its possession. The latter, the examiners say, contains various alterations, but there is nothing to show whether the changes were made with the purpose of deceiving.

While the consistory was unanimous in declaring that Cook's claims were absolutely untrue, there are still some of its members who urge that Cook is an honest man, though not a scientist.

No immediate steps will be taken to rescind the honorary degree conferred upon Cook, as the verdict is merely one of "case unproved," so far as the decision of the university is concerned. However, Rector Selomonson and Prof. Strongren, the chairman of the examining committee, have been delegated to further consider all evidences at their disposal, after which final action concerning the university's honoring of the explorer may be taken.

THE JOYS OF BOBSLED RACING

An Exhilarating and Fascinating Sport Indulged in by Many—Wonderful Fast Time Made—Switzerland the Ideal Place for Sport.

In an early day, some time after the landing of the pilgrim fathers, but before one's waistband grew permanently great, there was a simple outdoor amusement known as "sledding" downhill. At that day sleds were roughly of two kinds, high sleds for girls and molycoddlies, who sat tremulously on the seat while some one started them with a gentle push, and low sleds for boys who took the hill with a run and flung themselves down on the sled.

"Sledding" was the word to describe this method of descent. There were, of course, many variations of the simple sled.

What genius first got the idea of connecting two small sleds by a long plank history does not record. We are told that a bobbed is "a sled consisting of a body resting on two short sleds, called bolts, one behind the other."

In its early stages the bobbed was still crude. Often it was made from two old sleds and an ordinary board, and the carpeting of the plank was regarded as bordering on the effeminate. Even with these crude materials the simple sport of "sledding downhill" becomes exciting and even dangerous.

The real refinement of the bobbed has come in late years with the increase in the number of winter resorts whose attraction is cold fresh air and not warm fresh air. Switzerland makes a specialty of them, and in Switzerland the bobbed is a highly developed speed machine.

No longer is old fashioned foot and rope steering gear in use. That did well enough for the old timer, which was well loaded with half a dozen venturesome boys and girls. The new machines have steel bolts made for that purpose, with a specially arranged connecting board, which sends between sixteen and twenty-five, and it is in the Huntington, N. Y., is the center of the sport, and there each year contests for speed and for the sled with the longest "fetch" are held. In fact, a big carnival is planned to be held in Huntington Jan. 27. Several prizes are offered, among them a gold cup valued at \$250. The Yankee, owned by S. F. Townsend of Oyster Bay, N. Y., captured last year's event and established a record for a mile that will probably stand for some time, that of 37½ seconds.

In Huntington the course is especially prepared for the races. Water is sprinkled along the hilly road chosen for the contest, and it freezes until the route is glare ice. Start on a heavy grade over a course of this kind a sled built for speed and manned by a crew of sixteen taught to act as one, and you have the iceboat's greatest rival.

Owing to the inconsistency of the weather in this country a majority of people know very little of the possibilities of the sport. It is not until one goes over to Switzerland, in one of the valleys of that mountainous land, that one finds the sport of coasting carried

It is no exaggeration to say that you can purchase of us right now

Suits and Overcoats

at a saving that will astonish you and not shrink your pocket-book perceptibly. Under such conditions there is no reason why you should not have the clothes you need and have them at once. Come in and talk it over with us.

Moore & Owens,

Barre's Leading Clothiers, 122 North Main Street, Barre, Vermont.

MAY STOP GRIDIRON GAME.

Football at Government Indian Schools Likely to Be Abolished.

A rumor has it that the Indian service of the department of the interior of the national government is apt to abolish football at the government Indian schools. Such a ruling would affect Carlisle, Haskell Institute and the Grand Junction school at Sherman, California. The loss of Carlisle would leave a big vacancy on some of the most important schedules in the country.

That the Indian service contemplates abolishing football in its jurisdiction is not only a new phase of the universal crusade against the game, but it is understood that the trouble over the Pennsylvania-Carlisle game and the death of a Haskell substitute from injuries in a Kansas game have something to do with the rumored agitation.

Columbia to Row Navy May 7.

Announcement has been made that Columbia university will hold a dual track and field meet and a crew race with the United States Naval academy at Annapolis May 7. Owing to the financial condition of the crew at the Morningside institution, only the varsity eight will be sent to row against the midshipmen.

Wagner May Go to First.

President Barney Dreyfus of the Pirates is seriously contemplating the permanent shifting of Hans Wagner, his champion batsman and star short stop, to the initial corner of the diamond. He thinks as first baseman the "big bouncer" was the word to describe his method of descent. There were, of course, many variations of the simple sled.

Wagner has done considerable wrestling in the last few years and has never lost a contest.

Clay Navy Football Captain.

Henry S. McK. Clay of Ardmore, Pa., has been elected captain of the Annapolis football team for 1910. Clay has played halfback for the academy in most of the games of the last three seasons.

TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

From sick to well

It you have a sick headache, one dose of Chamberlain's Cough Remedy will make you well. It is a sure cure for colds, coughs, croup, whooping cough, influenza, and all the ailments of the throat and lungs. It is a sure cure for all the ailments of the throat and lungs. It is a sure cure for all the ailments of the throat and lungs.

WALLES - GOODYEAR RUBBERS

Wholesale Distributors in This Section

THE ALLEN - BARTLETT SHOE CO., Burlington, Vermont.

WALLES GOODYEAR SHOE CO. TRADE MARK

The print of the bear, shown on the arch of the sole, is knowledge to you that you are purchasing the best Rubbers made.

In this northern section of variable weather, Rubbers of the shoes and Rubber Boots save doctors' bills.

The Rubber Boots and Shoes made by the Walles-Goodyear Shoe Company are not only famous in this country, but are also famous in Europe. Twenty thousand shoe dealers in the United States sell them—because they are the established make of over half a century.

This Stamp on Every Pair

When you buy Rubbers, you want what a Rubber is supposed to give you—absolute immunity from wet feet and wear equivalent to the purchase price. Rubbers are never a disappointment. In these respects the Walles-Goodyear

ACCEPT NO CHEAP IMITATIONS

Nearly every dealer in shoes has them. If your inquiry is not at first satisfactory, try another dealer. Don't accept the advice, "Just as good." There are none "just as good." The Walles-Goodyear make are The Best.

When you buy Rubbers, you want what a Rubber is supposed to give you—absolute immunity from wet feet and wear equivalent to the purchase price. Rubbers are never a disappointment. In these respects the Walles-Goodyear
